- 1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
- 2. Claims 25-30, 32-37 are rejected under 35 U.S.C. 103(a) as being unpatentable over Alt for the reasons of record for claims 10 and 11. The newly presented claims limit R4 to ring substituted propynl. The prior action recited the numerous examples that exemplified the instant 221 bicycloazaheptane. The instant R4 is exemplified in ex. 104 with an analogous ring. The instant combination of substituents is generically taught and applicants have not disclosed any unexpected properties.
- 3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
